

WHERE IT ALL BEGAN ...

1968

ROSS N. ROBINSON JUNIOR HIGH SCHOOL

You may have given up the pom-poms and saddle shoes and that cute uniform, but **you're still a cheerleader.** Your urge and cajole and remind us to vote ... to help get out the vote ... to write to political leaders and businesses that need a piece of our mind ... to

give dollars and time and energy to good causes ... to read a good book or see a great movie ... or try a new food.

And you're a **Very Special** cheerleader when we're feeling down ... or just feeling down on ourselves and need your unique brand of love and encouragement, especially when we need to make a *Great Leap!*

I love the way you embrace life and embrace me.

Elizabeth
